Rounding to the Nearest Ten

Find 16 on the number line and label it.

10                                                15                                                20

Is 16 closer to 10 or 20? _____________

What is 16 rounded to the nearest 10? _____________

Find 34 on the number line and label it.

30                                                35                                                40

Is 34 closer to 30 or 40? _____________

What is 34 rounded to the nearest 10? _____________

Find 138 on the number line and label it.

130                                             135                                              140

Is 138 closer to 130 or 140? _____________

What is 138 rounded to the nearest 10? _____________

Find 522 on the number line and label it.

520                                             525                                              530

Is 522 closer to 520 or 530? _____________

What is 522 rounded to the nearest 10? _____________
Rounding to the Nearest Ten

Find 16 on the number line and label it.

10 15 16 20

Is 16 closer to 10 or 20? 20
What is 16 rounded to the nearest 10? 20

Find 34 on the number line and label it.

30 34 35 40

Is 34 closer to 30 or 40? 30
What is 34 rounded to the nearest 10? 30

Find 138 on the number line and label it.

130 135 138 140

Is 138 closer to 130 or 140? 140
What is 138 rounded to the nearest 10? 140

Find 522 on the number line and label it.

520 522 525 530

Is 522 closer to 520 or 530? 520
What is 522 rounded to the nearest 10? 520
